

# THE RECONNECTION Practitioners' BIOS

Bee Jimpson is a native of Argentina where alternative healing methods are part of the rich South American heritage. Before discovering Reconnective Healing, Bee worked with the legal and medical industries to adapt laws and explore issues within domestic violence and child abuse cases. She learned the old ways from family and cultural exposure and practiced hydrotherapy, herbology, hands-off healing and other non-traditional forms that were not widely accepted until recently in most parts of the modern world.

In her spare time, she pursued her passion of facilitated healings, cleansings, and other spiritual forms of guidance within her Latin American community.

In the early 90's she became very ill. After being subjected to the abuses of mainstream medicine, she gave up to allow the Universe to lead in her healing. After receiving, ***The Reconnection; Heal Others, Heal Yourself***, she attended a seminar and was Reconnected. Within two months she was back to herself - a healthy, functioning individual.

Bee is an Associate Instructor and has traveled to over 14 countries spreading the work of The Reconnection® She has dedicated her life to helping others in their search for health, light and information.

Bee offers Reconnective Healing®, The Reconnection®, practitioner mentoring, group lectures and is able to teach Semi-Private Level III classes.
