The Reconnection Heal Others, Heal Yourself

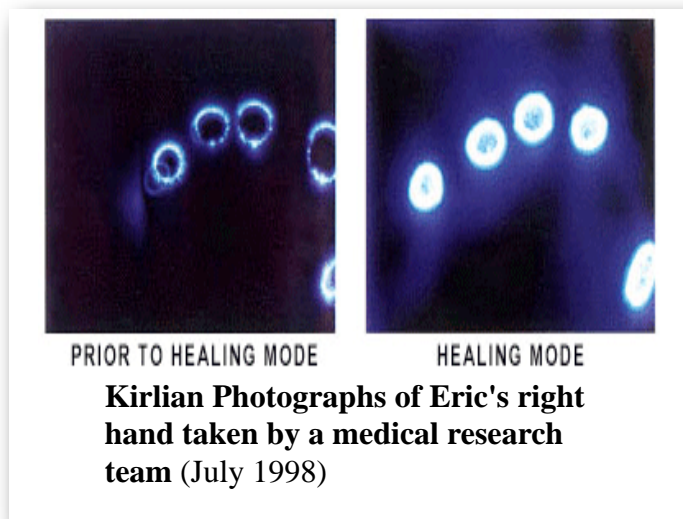

My interview with Eric Pearl was intriguing and humorous at the same time. I found myself laughing and very captivated listening to the miraculous healing stories. He is a Hay House Published author of the international bestselling book, *The Reconnection: Heal Others, Heal Yourself* and an internationally recognized Healer of the Reconnective Healing process.

In his book, he explains his definition, “The Reconnection is the umbrella process of reconnecting to the universe that allows for Reconnective Healing to take place. The healing and evolutionary frequencies are of a new bandwidth and are brought in via a spectrum of light and information that has never before been present on earth.” In our interview, Eric proclaims his healing technique is a relatively easy process which he teaches internationally. Eric says, “All we have to do is open up and experience it and share it.”

To begin the activation process, Eric says, start with an intention: “Be aware that your intention is to enter into the energy for the purpose of self-healing.” Position of ease hands by sides, place your attention on your hands and wait for it to arrive. What does it feel like to you? “The less you try to direct the healing energy- the better.”

Eric proclaims we don’t need to call in protective energy or use protective rituals. He feels very strongly that “when we vibrate as light, we suddenly recognize there is no fear to live in; we will no longer desire to protect ourselves because light doesn’t need anything to protect because darkness doesn’t exist.” And, I agree that when we fully own who we come from, pure love and who we are – light beings, without a shadow of a doubt, we own how powerful we are.

He began his career as a Chiropractor in Los Angeles. Twelve years into his practice, Eric began witnessing several miraculous healings while treating his patients. His first experience feeling of what he calls Reconnective Energy was with his patient named Gary. Gary had several disabilities including a severe limp. After a couple of minutes in a session with Eric, Gary’s pain was gone, his hips rotated to be better aligned, and he left his session with barely a limp. Eric was shocked and in awe at the same time. He wasn’t quite sure what was happening. And, the healings continued with many other patients! Patients soon reported receiving miraculous healings from cancers, AIDS-related diseases, epilepsy, chronic fatigue syndrome, multiple sclerosis, rheumatoid and osteoarthritis, birth disfigurements, cerebral palsy and other serious afflictions.

All this occurred when Eric simply held his hands near them. It was a combination of awesome, and simultaneously compelling, Eric told me he just knew he had to do it, the whole thing was so outside of his realm that was real or plausible, and he knew he was standing in the middle of greatness and a calling, an interaction with God. Before these occurrences, as a child he believed in God in the concept of “there is an old man in a white beard, not strongly a religious person. This experience shifted his belief in God.

Following that visit with Gary, an HIV patient, who couldn't see, and after a few minutes of being treated by Eric, the HIV patient could see clearly in both eyes. On another memorable occasion, during a treatment with a patient named Fred, while he was receiving Reconnective Healing, Fred began speaking in a different voice. It was a profound message for Eric. The message was, “What you are doing is bringing light and information onto the planet.” These messages were communicated through three more different patients. “What you are doing is reconnecting strands, what you are doing is reconnecting strings”. He knew strands meant DNA, and years later learned that strings mean simultaneously planes of existence. “We are reconnecting strands, giving ourselves a human software upgrade, and therefore we are allowing ourselves to interact with and exist upon the multidimensional universe in all points and time.”

These messages came again! One woman named Michele who had weighed less than 90 lbs, was diagnosed with Epstein bar, in severe pain, she was on Eric's table. Michele said her guardian angel came in and healed her. She said the angel said her name was Parsley. Parsley told her “everyone has a life purpose.”

A month or two after Michele's healing; another person named Bob from Beverly Hills came for a session. After the session, Bob opened his eyes and said, “I saw this woman and she said to tell you she was here, that you'd know who she was. It was something like Parsley.” I love how our spirit guides, master guides, and angels help get messages across to us to help us with our life path!

During these healings Eric was experiencing blisters on his hands, his palms even bled. His curiosities lead him to a Los Angeles psychic. The psychic validated his unique experiences by saying, “Something comes out of your hands and people receive healings. You will be on television.” Eric felt comforted that what was happening was truly happening and he was not crazy.

Fifty more patients shared messages. He saw that their eyes were fluttering, legs shaking, breathing was changing, and then his patients began speaking in a different voice with messages for Eric! Eric transcribed the sessions to capture the messages. Once Eric received and understood his messages, the channeling stopped.

During a conference, Eric had an opportunity to meet Deepak Chopra. Eric raised his hand and asked Deepak Chopra if he was going to take any questions. Deepak said, “Do you have a question for me.” Eric sheepishly walked to the microphone and said his name. Deepak said, “I’ve heard of you.” The word of Eric’s healings had been traveling! Deepak’s message to Eric was to, “Remain childlike.” What a great message for all of us! Stay in the energy of awe and joy –with a belief in possibilities!

People began asking Eric to teach them how to do the healings. They wanted to learn! Eric was opened to the idea. Eric travels the globe extensively throughout the year bringing the light and information of Reconnective Healing onto the planet. He teaches you how to activate and utilize this new, all-inclusive spectrum of healing frequencies that allows us to completely transcend “energy” healing and “technique” to ***access a level of healing beyond anything anyone has been able to access prior to now!*** To date, he has taught over 70,000 people in more than 70 countries, bringing about a spontaneous generation of healers worldwide.
